

UTP PASSIVE VIDEO BALUNS

BVB4200WP WATERPROOF
PASSIVE VIDEO BALUN

BVB4201PL 18CM MINI PASSIVE
BNC VIDEO BALUN LEAD

VB8CH PASSIVE 8CH VIDEO
BALUN HUB

The DOSS range of Passive Video Baluns can all transmit video up to 400m over Unshielded Twisted Pair (UTP) cable without external power or the use of repeaters.

BVB4200WP | 43151090

- Supplied with 2x UY splice connectors for waterproof connection

BVB4201PL | 43151098

- Push-pin terminals provide super-strong, super-quick installation

VB8CH | 43150985

- 2x 4-in-1 RJ45 in/out sockets
- 8x BNC Connectors for input or output
- 2x 4-pair screw-terminals

TYPICAL APPLICATIONS

UTP PASSIVE VIDEO BALUNS WITH POWER

VPB45 PASSIVE VIDEO & POWER
BALUN RJ45 JACK

VPBPP PASSIVE VIDEO &
POWER BALUN PUSH-PIN

The Passive Video Baluns with Power not only transmit video over UTP, but camera power as well.

- Transmit power up to 250m
- All baluns and hubs feature self-resetting, over-current and short circuit protection

BP4CH12V5A 4CH BALUN HUB
WITH BUILT IN 12VDC / 5A
POWER SUPPLY

BP8CH12V8A 8CH BALUN
HUB W/ BUILT IN 12VDC / 8.5A
POWER SUPPLY

BP16CH12V16A 16CH BALUN
HUB W/ BUILT IN 12VDC / 16.5A
POWER SUPPLY

VPB45 | 43151200

VPBPP | 43151205

- Sold in pairs (transmitter and receiver)
- Accepts 12V or 24V; AC or DC

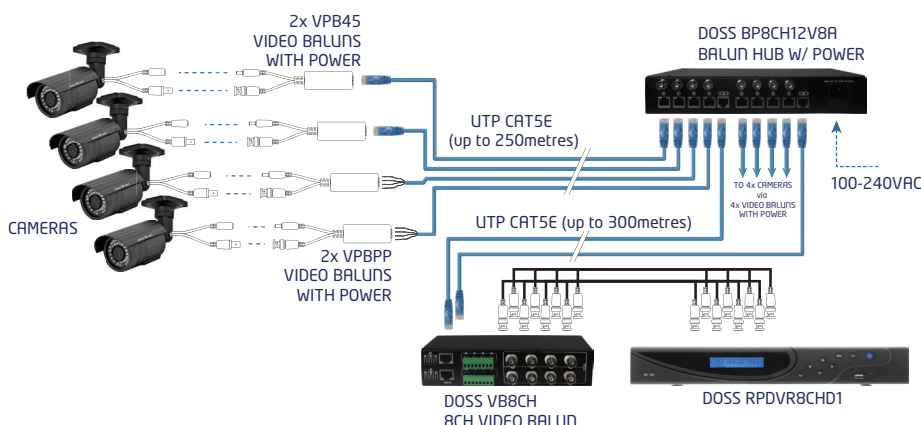

BP4CH12V5A | 43151135

BP8CH12V8A | 43151140

BP16CH12V16A | 43151145

- 1x (4CH) / 2x (8CH) / 4x (16CH) 4-in-1 RJ45 sockets compatible with VB8CH passive hub
- Individually protected power outputs — one faulty camera will not stop others working
- Same quality parts and video transmission as individual baluns

TYPICAL APPLICATION

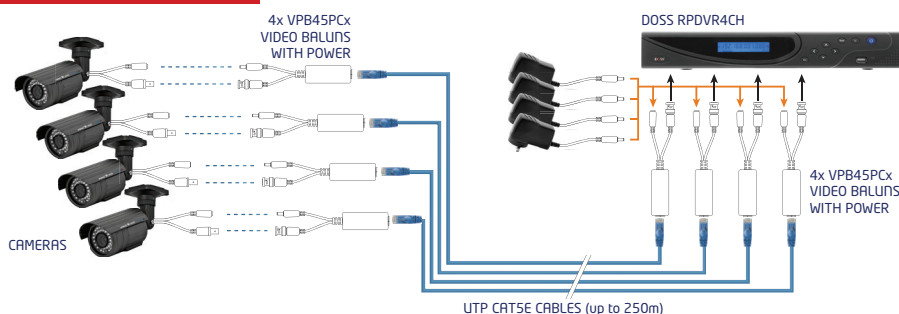

UTP PASSIVE VIDEO BALUNS WITH POWER CONVERTER

VPB45PCA BALUN W/ AC TO 12VDC CONVERTER
VPB45PCD BALUN W/ DC TO 12VDC CONVERTER

TYPICAL APPLICATION

Over long runs of cabling, power transmission can degrade voltages significantly—these baluns transmit higher voltages, and outputs regulated 12V DC at the camera end, overcoming large voltage drops.

- Transmit power up to 250m

VPB45PCA | 43151215
VPB45PCD | 43130193

- Sold in pairs (transmitter and receiver)
- Accepts 24~28VAC

UTP PASSIVE VIDEO BALUNS WITH POWER + PTZ

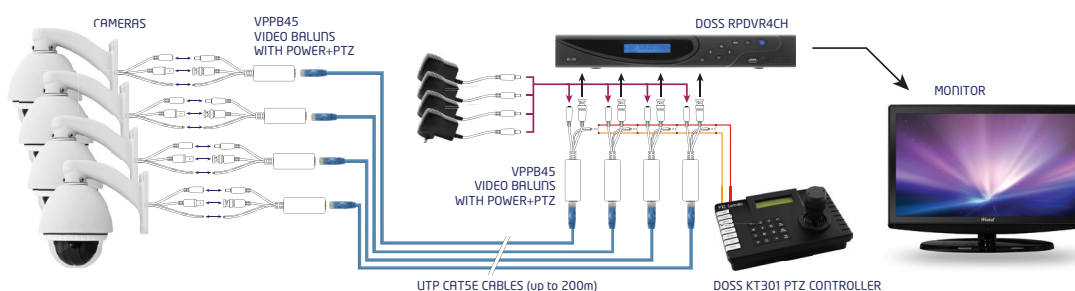

VPPB45 PASSIVE VIDEO + POWER + PTZ RJ45
VPPB45PCA VIDEO + POWER + PTZ BALUN
W/ AC TO 12VDC CONVERTER RJ45

VPPBPP VIDEO + POWER + PTZ PUSH-PIN BALUN

TYPICAL APPLICATION

Featuring the same quality video and power transmission abilities, these baluns also feature transmission of PTZ (RS485 data) over a single 4-pair UTP cable!

- Transmit PTZ signal up to 200m

VPPB45 | 43151220
VPPBPP | 43151225

- Sold in pairs (transmitter and receiver)

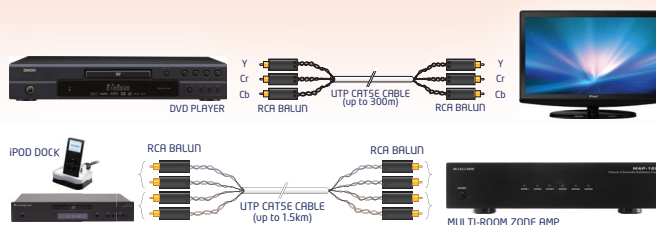

VPPB45PCA | 43151230

- Built-in power converter/regulator AC to 12VDC
- Accepts 24~28VAC

UTP PASSIVE RCA VIDEO & AUDIO BALUNS

CVB1001 COMPOSITE VIDEO BALUN
AAB1001 ANALOGUE AUDIO BALUN

Send and receive audio and video (composite or component) via UTP.

- Capable of transmitting video up to 300m and audio up to 1.5km
- Sold in pairs only

CVB1001 | 43151105
AAB1001 | 43151100
